APRIL 22nd
EARTH DAY

For the past 50 years, Earth Day has been celebrated by billions of people around the globe, annually every April 22, to join together in promoting awareness for the health of our environment. Why should we continue to celebrate this holiday? Serious concerns about our changing environment being studied and addressed today by prominent scientists, politicians, and young climate change activists alike, some people are adapting to more environmentally friendly ways of living.

APRIL 27TH
