

Spanish Two....Week of April 13th ( no zoom video meetings this week )

Past Tense of Verbs.....

We need to review again the 'past tense' of Spanish verbs as we will be using them quite a bit from now until the end of the school year. We will start out with the past tense of regular verbs first, and then we will get to the irregular past tense verbs ( one of the more difficult parts of learning Spanish )

Remember the endings for past tense : AR verbs : e aste o amos aron

ER and IR verbs ( have the same endings) i iste io amos ieron

examples: cantar : yo cante tu cantaste el/ella/usted canto nosotros cantamos ellos/ellas/ustedes cantaron

comer : yo comi tu comiste el/ella/usted comio nosotros comimos ellos/ellas/ustedes comieron

vivir : yo vivi tu viviste el/ella/usted vivo nosotros vivimos ellos/ellas/ustedes vivieron

For your assignments this week, there will be 3 parts. First, you will need to translate some sentences from Spanish to English, next you will translate some sentences from English to Spanish, and finally, you will make up your own sentences in Spanish using a verb in the 'past tense'...Send them to me whatever way you have been, just make sure they are all turned in by noon on Sunday, April 19th. As always, I would appreciate it very much if you would send each part in as you finish it. ( so I won't get swamped on Sunday ! )

Part One...( just write the translations) remember: Past Tense !!!
